CHICHESTER'S FIRST EAGLE SCOUT

Annual Report

for the year ending Dec. 31, 1980

We are proud and honored to announce Chichester's first Eagle Scout John Rudolph.

John has been in Troop 85 since 1976, during that time has served as assistant patrol leader, patrol leader, and is now assistant senior patrol leader. He has earned 21 merit badges and eight skill awards. He has worked many hours on service projects throughout the town, including his own Eagle service project of cleaning up and restoring town cemeteries on Bear Hill and Main Street.

At age 14 John has received the Eagle Award which is second to none in Scouting. It reflects accomplishment thru hard work, pride and a willingness to excell in a chosen organization. Only 1% of the boys in scouting earn the Eagle award, this award stands for strength of character and is the symbol of not only what the boy has done but represents what the boy will be in the future as he grows into manhood.

John's Court of Honor was held at the Grange Hall April 1, 1980. Over 100 people came to see John receive his Eagle Badge. that night not only brought pride and glory to John, family and friends but opened a lot of boys eyes to what scouting is all about.

CHICHESTER'S OLDEST RESIDENT

On October 23, 1980 Mrs. Olive Weatherbee was the gracious recipient of the **Boston Post Cane**, *presented to her by the Selectmen, Edward H. Frekey, Chairman, and Ralph L. West.*

FLOYD H. BLACKMAN

Floyd H. Blackman, 88, died on January 21, 1981 at his home after a long illness. Floyd lived at their summer home on Blackman Road for many years, and he was active in town affairs, He served on the school board, was chairman of the Chichester Board of Adjustment and the Committee to Reactivate the Town Library. He was also secretary-treasurer of the New Hampshire Union School District No. 46.

CHARLES R. CALL

Charles R. Call, 78, of Canterbury Road, died January 30, 1981 after a brief illness. Born in Chichester, he had lived here all of his life. He had attended and was a former trustee of the First United Methodist Church, a 60-year member of the Chichester Grange, a charter member and past chief of the Chichester Fire Department and a member of the Chichester Historical Society.

He was also a former member and selectman of the Chichester School Board.

Chichester Grange Deeds Their Hall

by H. Lacy West

The formal transfer of the keys on December 13th marked the end of two years of negotiations and legal procedures leading to the Grange Hall being given to the Town of Chichester. The Grange retains the right to hold meetings and store their furnishings in the upstairs hall, but they will no longer be responsible for building maintenance or for the taxes, which they have been unable to pay in recent years.

It was not always so. In 1888 when the Grange in Chichester first received its charter, the membership crowded the Town Hall and led to the building of a larger hall to be used for Grange meetings and entertainments. The present Grange Hall, financed by selling shares in a company known as the Chichester Building Association, was dedicated on November 8, 1899. A three act drama was the entertainment on that occasion, and for many years afterward the Grange presented a three act drama each November. The Grange eventually bought back the shares in its building until it owned the building outright.

In the late 1800's and early 1900's Grange was a big organization in Chichester. Young people joined the Grange at age fourteen, and many of the grandparents in town met their mates at Grange meetings or entertainments or dances. The Grange Hall had been constructed with a large hall on the ground floor for dances and large gatherings and a smaller hall upstairs for holding actual Grange meetings. As today's members,several of whom are over seventy, struggle up the steep stairs twice a month, they perhaps wish that the builders had seen fit to make the downstiars hall the smaller of the two.

Modern life has taken its toll of the Grange. Some older members can remember when the upstairs hall was filled twice a month and the teenagers stood all around the walls of the room. Today the members who actively attend the bi-monthly meetings are enough to fill the sixteen offices with a couple left over to look on. There is a larger list of members who pay their dues each year for old times' sake, but no longer attend meetings regularly. Young people are no longer active in Chichester Grange, and, unless there is a sudden resurgence of interest, Grange membership is unlikely to enlarge.

Chichester Grange still sponsors Old Home Day, but it no longer puts on the dances and dramas which brought in the money to pay taxes and refurbish the Hall. For several years the Grange has asked the Town to waive their obligation to pay taxes, and two years ago the decision was reluctantly made to deed the Grange Hall to the Town of Chichester altogether.

The Town was pleased to have a larger hall, since the Town Hall is very cramped at Town Meeting time, but it may be some time before the Grange Hall can see active use as a town building. Modern laws require indoor plumbing and running water. At present, the Grange Hall has neither. There is a well but no septic system, and very little land on which to put a leach field. Parking is no better than it is at the Town Hall. All of these problems can be remedied, but it will take time and money. Meanwhile the Grange continues to toil up the stairs to the second floor twice a month, and, if your group should wish to meet in the Grange Hall rather than the Town Hall, you may apply to the Selectmen for the Grange Hall key.

17. **PROPOSED ZONING AND BUILDING REGULATION CHANGES TO BE ACTED UPON BY BALLOT AT MARCH 10, 1981 CHICHESTER TOWN MEETING.**

PLEASE NOTE THAT FOR ALL PROPOSED AMENDMENTS TO EXISTING ORDINANCES: ADDITIONS *are in Italics*
DELETIONS are in (Parentheses)

1. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town of Chichester zoning ordinance as follows:

1. Amend Article II, Section B. Designation of Districts, by adding the following new district:

	Short Name
Backlands	*BL*

And amend Article II, Section D. Purpose, Permitted Uses, and Special Exceptions, by adding the following:

District BL

Backlands

Purpose

Land, which if subdivided would not contain the minimum road frontage required for a developable lot under this ordinance, may be subdivided only if the plot and deed contain restrictions which clearly state that such land is not a buildable dwelling lot and that such land contains at least a 50-foot right-of-way to a town or state road. The purpose of this provision is to allow for wood lots and other agricultural uses such as farming, provided no structures, other than those used for agricultural or forestry purposes, shall be built thereon.

Permitted Uses

Wood lots and related farming or forestry for home owners use.

Special Exceptions

None

NOTE: This Amendment establishes the category of "Backland (BL)" as a new zoning district to allow for wood lots and other agricultural uses, but not dwellings, on land with only a 50-foot right-of-way.

2. **Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town of Chichester zoning ordinance as follows:**

Amend Article II, Section D. Purpose, Permitted Uses, and Special Exceptions, as follows:

2.(a) District OSW

Conservation-Open Space-Wetlands

Permitted Uses

Farming and forestry, including sale of products produced on the premises, wildlife management and improvement measures. Public and private open space and *passive* recreational uses, (including camping and tent areas as a private use).

Special Exceptions

Public utilities facilities, *and* portable sawmills, (and commercial campgrounds).

NOTE: This Amendment deletes year-round private camps and commercial campgrounds from District OSW because this district is wetlands and suitable only for passive recreational uses.

YES ☐ **NO** ☐

---

2. (b) District OSS

Conservation-Open Space-Steeplands

Purpose

To reserve from intensive development those areas of steep slope (over 15%) and related soils limitations as mapped in the Merrimack County Soil Survey, issued June, 1965, for primarily conservation, agriculture, forestry, wildlife, scenic, and recreational purposes. These areas shall serve as open space and natural areas to protect the scenic qualities and watersheds of the town from encroachment. Residential uses shall be limited to one dwelling unit per five acres, *with minimum road frontage of 300 feet. Only soil classified 100% OSS or better (RA, R) shall be counted towards meeting the minimum 5 acre lot size.*

NOTE: This Amendment clarifies minimum road frontage and minimum lot requirements for District OSS.

YES ☐ **NO** ☐

---

2. (c) District OSS

Conservation-Open Space Steeplands

Permitted Uses

Farming and forestry, including sale of products produced on the premises, wildlife management and improvement measures. *Single family dwellings,* public (and private) open space and *passive* recreational uses, (including camping and tenting areas as a private use) and home occupations.

Special Exceptions

Public utilities facilities *and* portable saw mills, (and commercial campgrounds).

NOTE: This Amendment adds single family dwellings as a permitted use in District OSS and deletes year-round private and commercial camps.

YES ☐ NO ☐

---

2. (d) District RA
Rural-Agricultural

Purpose

To provide areas suitable for development within the limitations of the soils to accommodate individual onsite water supply and sewage disposal systems, to preserve the rural character of the community and to protect the better agricultural soils from intensive development. Minimum lot size for single *and two* family (residential uses) *dwellings* shall be five (5) acres, with minimum road frontage of 300 feet. *Up to 10% of the minimum 5 acre residential lot may contain soil not classified RA or R.*

NOTE: This Amendment clarifies minimum lot requirements in District RA.

YES ☐ NO ☐

---

2. (e) District RA
Rural-Agricultural

Permitted Uses

Farming and forestry, including sale of products produced on the premises, single *and two* family dwellings, accessory uses and buildings, and home occupations, (recreational buildings and land).

Special Exceptions

Public utilities facilities, *portable* sawmills, (two family dwellings,) places of assembly, public and private community buildings, *and recreational buildings.*

NOTE: This Amendment allows two family dwellings as a permitted use in District RA, rather than as a special exception.

YES ☐ NO ☐

---

2. (f) District R
Residential

Purpose

To provide areas of well-drained soils suitable for development as residential units *with minimum lot size of two (2) acres and a minimum road frontage of 200 feet for a single family dwelling and a minimum lot size of three (3) acres and a minimum road frontage of 300 feet for a two family dwelling. Up to 10% of the minimum residential lot size may contain soil not classified R.*

NOTE: This Amendment clarifies minimum road frontage and lot size requirements in District R.

YES ☐ NO ☐

---

2. (g) District R
Residential

Permitted Uses

Single *(and two)* family dwellings, farming of land including keeping of livestock or poultry for personal use, home occupations, sale of products produced on the premises, management of land for forestry and wildlife, recreational buildings and lands, accessory uses and buildings.

Special Exceptions

Public utilities facilities, (two family dwellings,) animal husbandry and keeping of poultry provided that all such uses shall not be offensive or unsightly, as determined by the Board of Adjustment. (nursing and convalescent homes,) places of assembly, public and private community buildings.

NOTE: This Amendment allows two family dwellings as a permitted use, rather than as a special exception in District R. Nursing and convalescent homes are removed from District R as a special exception, since they are commercial uses which belong in District CI

3. (c) D. *TRAILERS, MOBILE HOMES AND TRAILER PARKS*

1. The use of land for the accommodation of trailers and/or mobile homes is prohibited except *by special exception by the Board of Adjustment* as (provided) permitted below in this article:

(2.) (The above applies only to trailers and/or mobile homes utilized for residential purposes and is not intended to cover single trailers and/or mobile homes owned by residents and stored or parked during periods of non-use on the premises of the owner.)

(3.) 2. The Board of Adjustment may, as special exception, permit:

a.

Single trailers and/or mobile homes owned by residents and stored or parked during periods of non use on the premises of the owner. Recreational trailers and vehicles are exempt.

c.

More permanent use of a house trailer or mobile home (as a dwelling may be permitted but only after hearing at which all parties interested in such use at a certain location will be heard. Such dwellings will be subject to all the requirements of this ordinance and of what ever building regulations may be enacted, excepting only floor space requirements.) *as a temporary accessory to an existing residence solely for the purpose of elderly housing for relations, permitted during life of the occupant, and thereafter removed.*

NOTE: This Amendment allows mobile homes and trailers as temporary housing, by special exception

7. (c) Amend C. 5. f. of the Building Regulations, as follows:

C. 5. f.

Chimney Construction: No inside *or outside* chimney shall be built below the roof unless containing a tile or brick lining and with an iron clean-out door at or near its base. Chimneys shall extend at least 3 feet above the highest point where they pass through the roof of a building and at least 2 feet higher than any portion of the building within 10 feet. No *inside* chimney shall be built below the roof having wood or other combustible materials within 2 inches of the chimney, and the space shall be filled at each floor from the joist to the chimney with firestop, non-combustible material. *No outside chimney shall be built below the roof having wood or other combustible materials within 1 inch of the chimney.* No chimney shall have its base resting upon any floor or beam of combustible material. Factory-built chimneys that are approved as a result of tests and listing by a nationally recognized testing laboratory shall be installed in accordance with the condition of approval.

NOTE: This Amendment provides additional safe building practices for constructing chimneys to minimize fire risks.

YES ☐ **NO** ☐

Amend C. 5. of the Building Regulations, by adding two new paragraphs "n" and "o", as follows:

7. (d) *C. 5. n.*

Any new building shall not exceed a maximum height of thirty-five (35) feet from its foundation at ground level to the highest point of the building. Special exceptions may be granted by the Board of Adjustment for silos and other non-residential buildings which require additional height as a part of their operation.

NOTE: This Amendment sets a maximum height of 35 feet for buildings for fire safety reasons.

REPORT OF THE CHICHESTER VOLUNTEER FIRE DEPARTMENT AND THE CHICHESTER VOLUNTEER FIRE DEPARTMENT EMERGENCY MEDICAL SQUAD

Fire Department

This year again was a very active year for the Chichester Fire Department. Many hours of training and answering emergency calls was devoted to service the town.

The number of calls has increased this year which is shown on the breakdown below. The average response time for the year has remained approximately 3 minutes, this being the time which the department is toned to the time the first unit signs on the air. As always, we will welcome anyone that is interested in joining the department.

At this time, we the members of the Fire Department, would like to thank the townspeople for their support in the past and hope that they will continue to support the department in the years to come.

REPORT OF FOREST FIRE WARDEN AND STATE FOREST FIRE SERVICE

Forest Fire Prevention: Your Business, Our Business, Good Business. Forest fire prevention slogans have been seen in association with Smokey Bear since the late nineteen forties when a national effort to check the spread of forest fires was implemented.

New Hampshire residents recognized that forest fire prevention and suppression was the responsibility of every citizen, a half century before this national campaign, when our legislature established our first forest fire laws in 1903. Since that date, the State has appointed a town/city forest fire warden who is responsible for forest fire law enforcement in has municipality.

All fires kindled out of doors when there is no snow on the ground must be approved in writing by the forest fire warden before being kindled. All forest fires must be suppressed by the warden and his deputies as soon as they are reported. The cost of fire suppression is shared jointly by the town/city and the State of New Hampshire, as are forest fire prevention and forest fire training costs.

This state and local municipality cooperative forest fire program has given New Hampshire one of the best forest fire records in the United States.

The Concord Regional Visiting Nurse Association, Inc., continued to service Chichester for the 5th year. They have provided skilled nursing care for anyone sick in the home, especially those needing continuity of care after discharge from the hospital. They are available to give hypodermic injections, change surgical dressings, and do other treatments prescribed by the attending physician. When indicated, family members have been instructed to give care between the nurse's visits.

Therapy services; such as, physical therapy, speech therapy, occupational therapy, and nutritional guidance have been given the therapists in order to assist with the rehabilitation of an acute or chronic illness.

When family members are unable to supply all the needed care, a staff of homemaker-home health aides are available to give physical care, do light housekeeping, and assist with meal planning and meal preparation.

The nurses are delighted to advise new and expectant mothers in the care of themselves and their babies. They are also gald to work with families and individuals on normal nutrition, sickness, and accident prevention.

Anyone in Chichester may request these services - doctor, family, pastor, friend, or the patient himself. Patients are also referred by clinics and other agencies. All calls are answered, but continuing home care can be provided only under a doctor's orders.

A call to the Concord Regional Visiting Nurse Association, Inc., (224-4093) between the hours of 8 a.m. and 9:00 p.m., seven days a week is all that is necessary to start services or make inquiries. Fees may be scaled for those unable to pay the charge if that person has no other funding source available, such as insurance coverage. The patient will be responsible for remainder of bill.

Sincerely,

Lutie K. Piper,
Executive Director

COMMUNITY ACTION PROGRAM
BELKNAP-MERRIMACK COUNTIES, INC.

1981 Request for Local Appropriation

The Community Action Program is requesting continued funding support from the Town of Chichester, based on the percentage of Concord Center services provided to the Town residents. Our proposed operating budget for 1981 has been divided between direct Federal Funding $14,614 from Community Services Administration, and local appropriations of $23,655 from the City of Concord and the towns of Boscawen, Bow, Canterbury, Chichester, Dunbarton, Hopkinton and Loudon.

The request is based on the distribution of our services. Residents of Chichester received 4.3% of the services of the center, and our requested appropriation of $1,016.63 reflects the same percentage of the local funding portion. I respectfully request that you review the attached budget and service summary, and I seek your approval of a warrant article to read: "To see if the Town will vote to raise and appropriate the sum of $1,016.63 for the continuation of services to low-income and elderly residents of Chichester through the Concord Area Center, Community Action Program, Belknap-Merrimack Counties, Inc."

In behalf of the Community Action Program, I wish to thank you and the citizens of your town for their support of our agency this year, and I hope you will look favorably upon our request.

Sincerely,

John Spaulding
Concord Area Center

CENTRAL NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

Each year the Central New Hampshire Regional Planning Commission requests assistance for its activities from its member communities. At the same time, the Commission, as in past years, urges the non-voting member as well as the non-member communities to give serious consideration to participating in the activities of the Commission.

Always of major concern is the meeting of the needs of local member communities and their officials. The Commission has assisted several communities in the development of master plans, recreation plans and local ordinance reviews. Again in 1980, as in past years, the Commission hosted a series of legal seminars for the benefit of all local officials.

The Commission Open House, held in October, dealt with the issue of alternative energy sources and was well attended.

The Commission, being solely an advisory body to its member communities, would like to once again include Chichester as one of the voting member communities.

The Commission, for the coming year 1981, has adopted a per capita assessment rate of 70 cents. Based upon this rate, should Chichester once again choose to become a voting member, the formula for calculating the assessment is as follows:

1981 per capita Assessment		Population for Rooms & Meals Tax	1981 Request
70¢	x	1355	$949

It must be noted that the 70 cents per capita assessment rate is exactly the same as it was in 1970, the year the Commission was first organized.

Attached is a sample Warrant Article which we would appreciate your including in the 1981 Chichester Town Warrant and which if approved would restore to the Town its voting status and permit it to receive the services available from the Commission technical staff.

The Commission hopes that you will give support, as Selectmen, to this request and that Chichester will once again be counted amongst the supporting members in the near future.

The success of the Commission and the utility of its activities to any one member will depend greatly on how it is used by that member. The Commission staff is ready to assist any and all members in attaining their stated objectives and trusts that past activities may have proved useful to its member communities.

If you have any questions concerning points raised, please do not hesitate to call the Commission office in Bow. I would be more than willing to meet with you and the Budget Committee to discuss this matter further, at your convenience.

On behalf of the Chairman of the Commission, Pasquale Rufo, I thank you for your consideration of this matter.

Yours very truly,

Charles W. Clifford
Executive Director

N.R.H. TRI-STATE MEDICAL SERVICE CORP.

January 30, 1981

Office of the Selectmen
Town of Chichester
Chichester, N.H.

Gentlemen:

BACKGROUND:

We at N.R.H. Tri-State Medical Service Corp. have become increasingly aware of the high cost to your community for providing primary ambulance coverage. We realize that a community the size of Chichester can not afford to operate an ambulance service and must seek alternate means of providing this service.

In reviewing the 1979 "Chichester Town Report" we find that the town of Chichester has contracted with Center Barnstead Ambulance Service to provide primary coverage for a fee of $2,635 and a requested 1980/81 fee of $3,330.

Center Barnstead has similar agreements with six other area towns. Certainly this is a rather taxing committment for a volunteer service with only one ambulance and two full time attendants.

Additionally, the "Center Barnstead Ambulance Report" (printed in the 1979 Chichester Town Report) states that a total of 20 runs were made to Chichester. Based on an annual fee of $2,635, the cost per ambulance run in Chichester was $131.75. Based on the same number of runs, the cost for 1980/81 would equal $166.50.

We feel that we can provide the town of Chichester more substantial ambulance coverage at minimal cost to the town. Rather than solicit funds from the town treasury, we would simply bill the patient our standard fee ($65.00). This fee would seldom be a direct cost to the individual as most are insured either through Medicare, Medicaid or other private agencies.

We would ask, however, that the town of Chichester guarantee payment in those rare cases in which the individual town resident is unable to pay for services rendered. Granted, this may appear as an indirect means of soliciting town funds. It is not. If, for example, we had conducted the 20 runs made by the Center Barnstead to Chichester last year and none of the patients were able to pay, the cost to the town would have been $1,300, not $2,635 as was actually paid to Center Barnstead Fire Department.

Also, we are readily available with an ambulance of modern equipment and are able to respond more rapidly from Concord to Chichester. The difference in response time alone could very well mean the difference between life and death in a medical emergency.

N.R.H. Tri-State Medical Service also offers follow up care for patients transported. It is far more comforting for the patient to know that if return transportation is necessary, the same ambulance service is available for the return trip.

Respectfully submitted by N.R.H. Tri-State Medical Service Corp.

CENTER BARNSTEAD FIRE DEPARTMENT
AMBULANCE REPORT

Board of Selectmen and Budget Committee Members

The Center Barnstead Fire Dept. requests the Town of Chichester to raise, for the ensuing 1981/82 budget year, the sum of $ 3,848.00 dollars. This amount we are requesting your town to appropriate will be your share of the total budget of $34,324.00 dollars, which will be needed to operate our Ambulance service in your respective town. The money that is appropriated each year is used strictly for the salaries of our two licensed ambulance attendants.

Due to the loss of the Town of Northwood last year, we now cover six towns instead of seven. Therefore, the loss of Northwood has brought up each town's share of the budget last year, plus an increased rate in taxes and workmans compensation.

This year the budget has increased due to a raise in salaries of our ambulance attendants, which they have not had a salary increase in three years.

You will find attached to this budget, a copy of our Ambulance Dept. monthly bills which includes maintenance of vehicle, supplies and purchase of equipment. Also there is a copy of our financial report, including donations received towards our new ambulance. Please feel free to contact us at any time with questions you may have regarding this year's budget.

Thank you very much.

Rodney T. Boyd, Chief
Center Barnstead Fire Dept.

REPORT OF THE CHICHESTER LIBRARY

Several changes have affected the library and its services during 1980. Sylvia Dane, librarian since 1973, has been in ill health and unable to serve regularly. Conscientious volunteers have kept the library open. It will be several months before Mrs. Dane can resume her duties. Meanwhile, Edith Bailat, who has been appointed as her assistant, will be at the library Saturday mornings. Volunteer aids will continue to be there nights. Hanna West will deliver books to shut-ins and those unable to manage the stairs.

The branch library located at Varney's Store for the past ten years was closed upon Mrs. Varney's death. Because the branch served only a few, it has not been relocated. If there were enough interest, a branch could be opened.

In April the trustees voted to reduce the library's hours. It was decided to conserve fuel and cut costs by not opening Monday evenings.

Lucille Noel, trustee for nine years, resigned last October because of the increased commitments of her time at home and at work. Her expertise and devotion will be missed. No one could have served the libraries, both town and school, with more unselfish and generous giving of herself, her time and her resources.

Changes are also taking place at a state level. In 1980, the State Library Bookmobile left 1,127 books for Chichester readers to enjoy. In 1981, the Bookmobile is being replaced by a van, which will deliver books selected from a collection in Concord. The 1981 Legislature will consider a bill to improve and implement the statewide development services. It would improve access to information and other library services for all N.H. citizens and would require changes in local, regional and statewide funding. It is too early to tell how this would affect Chichester's small library, but an evaluation and accreditation process is part of the proposed guidelines.

The library received two generous donations this year and several books given by devoted readers. The Harold J. Conrad, Jr. M.D. Memorial Fund contributed $200 to be used to help cultivate the arts. The money was used to purchase prints by N.H. artists. They are available for loan and must be shared by surrounding area libraries, a stipulation of the bequest. Mrs. Kathleen Shaw, Chichester Library's most avid mystery story reader, donated $100 to be used at the trustees' discretion.

Over 100 books have been added to the library shelves this year. The books discarded to make room for them and many books donated for sale by Mrs. Jane Coons were combined in a most successful August book sale.

Since 1973, the trustees have been asking the town to raise $1000 a year for a library building fund. The fund now stands at $9,733.32. An additional $4,398.36 has been raised and put with the 1979 Arnold Newcomb bequest, which now amounts to $6,950.11.

The question the trustees hear most often is, "What are you doing about a new library?" Many possibilities have been explored. Chichester would benefit most by having one facility shared by the general public and the school population. The savings on supplies, maintainance, staff, acquisitions and other functions would be substantial. However, because of limited space on the school property, this does not seem feasible. The Charles Langmaid property, when it was availabe, was considered but found too costly to renovate. It doesn't appear that Chichester can afford to support any additional building. Therefore, the trustees have concluded that the only viable solution is to convert the Town Hall into a library, if it becomes possible to use the Grange Hall for Town Meetings and offices. Implementing this idea, of course, would depend upon the wishes of the community.

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the School District in the Town of Chichester qualified to vote in District affairs:

You are hereby notified to meet at the Town Hall in said District on the 7th day of March, 1981 at 2 o'clock in the afternoon to act upon the following subjects:

1. To choose Agents and Committees in relation to any subject embraced in this warrant.

2. To hear the reports of Agents, Auditors, Committees, or Officers chosen and pass any vote relating thereto.

3. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

4. To see if the District will vote to authorize the School Board to accept donations and gifts on behalf of the School District.

5. To see if the District will vote to terminate its Handicapped Student Programs for the age groups three through five and eighteen through twenty if the State of New Hampshire no longer mandates such programs. Furthermore, that if such Handicapped Programs are no longer mandated by the State, that any appropriations for such Handicapped Programs in the school budget for the 1981-1982 fiscal year be deleted.

6. To see if the District will vote to authorize the School Board to accept and expend on behalf of the District a sum of money not to exceed $23,000.00 to be obtained from the Federal Government or other sources that may make such funds available to the District; provided that the school district will not be thereby required to raise any money by local taxation in this or subsequent years as the result of such expenditure of $23,000.00.

7. If appropriate legislation is adopted at the 1981 legislative session, to see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1981-1982 school fiscal year, provided that such expenditure be made for purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money.

8. To see if the District will vote to appropriate a sum of money for the reconstruction of the waste disposal system at the Chichester Elementary School; to determine whether such appropriation shall be raised by borrowing or otherwise; or to take any other action relative thereto.

9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid together with other income; the school board to certify to the selectmen, the balance between the estimated revenue and appropriation, which balance is to be raised by taxes by the town.

10. To transact any other business which may legally come before said meeting.

Given under our hands at said Chichester this 18th day of February, 1981.

CHICHESTER SCHOOL BOARD REPORT
1980-1981

Your school board is finding it extremely difficult to keep its financial responsibility in line with what it feels the town can afford and is willing to spend. The pressures of inflation and responsibilities school district must bear are causing high increases in expenditures. However, we feel that we can justify the increases you will find in the budget presented in this Town Report.

In April Allen Mayville, Sr. resigned from this board for personal reasons. Allen showed interest and put a lot of effort and time into serving the town. He worked closely with the accountability team and on the nature trail, which is being made in back of the school by the science classes.

When a school board member resigns, then by law, the school board has the right to fill the vacancy until the next school district election. After a great deal of thought, Mrs. Jones and I decided to ask Tom Towle, a native of Chichester, who lives on Center Road with his wife, Marti, and two children Kristine and Becky. Tom accepted and took office in July.

Since September, this board has experienced severe difficulties with the school's septic system. The system, we are told, is the original one installed in 1949. The metal holding tank has rusted out and the dry wells are no longer working. We have had the tank pumped every year and all preventative maintenance, to our knowledge, has been done. Being a public building and laws on septic systems as they are it is very difficult for us to come up with a solution.

We have had two experienced and informed company representatives come and talk to us about how to correct the problem. The answers range from rejuvenating the present system to pumping gray water to a leach field in the rear of the building. Prices range from $20,000 to $60,000.

The costs we are facing out of this year's budget to find a solution to this problem are causing us not to spend money on projects we had scheduled. We will not retile floors, replace lights nor change the west end doors until we are sure there are dollars left in our budget to do so. Although we have received $10,000 from the Federal Government towards our energy program, we can't spend it until we can match every dollar to be spent on a one-to-one basis.

We feel that we have good educational programs in our school and an excellent staff to carry them out. I have been told by experienced teachers who have substituted in Chichester that we have a good school and there is a lot of learning going on. We do put a lot of effort into trying to make our school better than average and comments of this type are appreciated.

PRINCIPAL'S REPORT

The Chichester Central School opened in September 1980 with an enrollment of 200 students. The only change in the teaching staff was the addition of Elaine Coffey, who replaced Leslie Kessler, as Resource Teacher. Mrs. Coffey taught here several years as Title I tutor. The other teaching assignments are as follows;

Grade 1 - Johanna Hassett	Grade 7 & 8 Science & Math - James Fifty
Grade 2 - Virginia Sanborn	Grade 7 & 8 S. Studies & English - John Farnum
Grade 3 - Sue Williams	Speech & Language - Catherine Makris
Grade 4 - Deborah Ingram	Music - Mary Ewert
Grade 5 - Jean Palenius	Title I - Naney Murphy
Grade 6 - Patricia Brown	Jean Richards

The school continues to receive favorable reports regarding the success of our former students as they further their education. This success can be attributed to the positive attitude generated by parents, students and staff members. Our students are cheerful, friendly, interested in improving themselves and not in the habit of causing trouble. They continue to do will on achievement tests each year. The experienced and dedication of the teachers at Chichester provide a stable environment for your children. They have watched the students grow and develop from grade to grade and therefore can better provide for their needs.

A close cooperation and communication between our teachers and Pembroke Academy staff members have provided a smooth transition, each year, from elementary to high school.Students, who require special attention, have had careful programs designed for their special needs.

Last year, a state evaluation team made a study of our special education program, evaluation process, paperwork and staff members. The results of this evaluation contained high praise for Chichester Central School.

Mrs. Ingram, Mrs. Williams, Mr. Farnum and myself have worked many hours on an Accountability Committee. To this point we have designed a math test which we will administer in the spring to test for minimum competencies in grades four and eight

The community support of the school continues to be tremendous. The attendance at games, the P.T.O., the businesses that contributed to the fund for baseball uniforms, the parents who had a spaghetti supper and raised money for sports and others. Thanks to all of you.

Please come visit us and view our school and programs first hand.

Respectively,

RICHARD T. FOWLER
